OCTOBER

The Beginning Season of Change

It's that time of year again, when the "Snow Birds" begin to fly south, the fashion season shifts to fall, everything is made with pumpkin and spice, and the holiday season begins to kick in. It won't be long before your doorbell rings and you'll be greeted by the scariest, cutest and silliest happy children asking for a treat. For those of you dispensing the goodies, remember kids want the good stuff; don't be the one house in every neighborhood giving out toothpaste or apples, right kids? Remember if you are giving out candy, turn on your front lights so they know to stop at your house.

Hey, kids, you might just see a witch out there driving a golf cart looking for the best costumes. If you see her and you would like your picture taken for the magazine, she stops for chocolate. She will also be giving out goodies and prizes.

It was so much fun to meet so many of you at our HB Launch Party. That was just the first of so many activities we have planned in the coming months. As you will see on the next page, our next event is a neighborhood social, sponsored by Bonefish. I hope you will be able to join us for some complimentary hors d'oeuvres, great conversation, and cash bar.

Don't forget, Daylight Savings is November 4 this year. Remember to "fall back one hour." Yea, an extra hour of sleep!

I love the holidays! In fact, by the time you get this issue, our tree and inside decorations will have already been up for a couple of weeks. I will spare my neighbors the outside decorations for a while. I can't resist, it's my favorite time of the year when everyone has that extra little cheer and the decorations are so beautiful, it just makes me so happy. My Scrooge, on the other hand, is a big humbug, it's a battle to get him to put the decorations up so early but he is getting better, it's all in the training...

Please submit your beautiful and festive holiday photos to devin.pappas@n2pub.com.

A lawyer, a tax accountant and a financial advisor walk into a bar. Seriously. That was the start of a well-coordinated plan that’s still paying off in **2018.**

Managing wealth is no joke. And advice coordination is essential as wealth grows, and grows more complex. From thoughtfully planning for a long retirement to addressing unique needs like concentrated equity positions or selling a business, a Raymond James financial advisor can pull the pieces together to orchestrate a properly synched approach. **LIFE WELL PLANNED.**

precious pets

Fashionista or Boxer?

Meet Lulu

Family member names: Shaun and Angie Carroll

Pet's name: Lulu

Type of animal/breed: Terrier and Boxer Mix

Male or female: Female

Pet's age: 4

HBL-Where/why did you get your pet?

AC- Lulu was a total surprise from Shaun! I had been talking non-stop for a quite a while about wanting/needing a puppy, and I guess Shaun had finally had enough. One day I came home from work, and there was a gift bag with a dog collar, leash, and dog toys inside. I literally started screaming and looked for the dog everywhere. Once I calmed down, Shaun explained that we had to go pick her up from Tampa. So, of course, I insisted we leave immediately. We picked her up and INSTANTLY fell in love with her cute, little face. I took her to the vet the following morning to get her checked out and it turns out she was a sick pup. She had intestinal worms and a skin infection. Luckily, we were able to nurse her back to good health and she is 4 years old and thriving!

HBL-Is there a story behind Lulu's name?

AC- We were just throwing around names and nothing seemed to fit. At the time that we got Lulu, we owned two gyms and I was living in Lulu Lemon clothing. Shaun happened to throw out "Lulu" and it stuck! We love it—a girly name for a not-so-girly pup! A lot of the time we shorten it and call her Lu (one of her MANY nicknames).

HBL-Anything special or unusual about Lulu?

AC- Lulu has many talents. She can catch anything (LITERALLY, anything) you throw at her. Her accuracy is insane! Also, she has recently started "talking" and tells us when it's time for a walk or dinner.

HBL-What do you like best about your fur baby?

AC- I love how much she loves to cuddle at night, only at night, though. If you try to snuggle with her prior to nightfall, she will not allow it. However, come 8 o'clock in the evening, she is ready to be cuddled! She really is just a big baby.

HBL-Any funny stories?

AC- Lulu LOVES stuffed toys, but all she has are the outer shells of them. When she gets a new one, she immediately rips them open and pulls out all the stuffing. She has a basket full of unstuffed toys that she still loves to play tug with.

HBL-How spoiled is Lulu?

AC- She is beyond spoiled. She has multiple beds—a day bed and a night bed. When they are being washed, she REFUSES to lay anywhere. She also refuses to walk on the floors and must always

have a rug beneath her feet. We have had to create a rug-highway in our home just so Princess Lulu can get around.

HBL-What else should we know about your precious pet and/or how has Lulu enriched your home/family?

AC- Many people are put-off by Lulu since she is a large dog and gets excited about other dogs and people. However, like I mentioned before, she is just a big baby. When we had our gyms, she would go to work with us every day. People loved seeing her at the gym and she, in turn, has grown to be a very social dog! She is constantly making us laugh with her funny sounds, cute faces, and bossy personality. We can't imagine our life without her!

If you have a precious pet that we should meet, please contact me at Devin.pappas@n2pub.com.

PureLife Medi-Spa *celebrates* Five Years *with a* Speakeasy Soirée

Five years ago, PureLife Medi-Spa opened its doors on Indian Rocks Road in Largo. The medical spa, owned by Medical Director Dr. G. Joseph Fitzgerald and wife Elif, will celebrate the milestone by hosting a speak-easy-themed VIP event for patients and supporters on Thursday, October 11 from 6-8 pm. The event is open to the public and will feature entertainment, exquisite food and drink, as well as specials and raffle prizes for guests.

PureLife Medi-Spa staff members will celebrate the company's fifth anniversary on Oct. 11 with a Speakeasy Soirée. From left to right: Elif Fitzgerald, Dessylin Hughes, Ewa Weinheimer, Cristy Marks, Elizabeth Palascak and Kelly Woodruff.

"Every year we continue to grow our practice and the PureLife anniversary party is a chance to bring people together to remember our humble beginnings and to recognize how far we've come," said Dr. Fitzgerald. "We are grateful to our loyal patients and supporters. I couldn't be more proud of

our staff and their commitment to providing first-class service to each and every one of our patients."

The medical spa, consistently recognized for excellence, has continued to expand its menu of non-surgical cosmetic services throughout the years. While the fat-freezing procedure known as CoolSculpting remains one of its most popular treatments, PureLife also offers a variety of treatments to help individuals age beautifully. Consultations are always complimentary.

From dermal fillers and wrinkle relaxers to weight loss programs, laser

treatments, PDO threads, micro-needling and facials, PureLife Medi-Spa continues to keep up with the latest technology and trends in the aesthetic marketplace. For more information, visit www.purelifemedi-spa.com or call 727-595-3400 to RSVP to the anniversary party.

Since the demolition of most of the old home, many of us have been eagerly watching as construction has progressed and wondered what was happening on the inside. Well, the Aleas are now finished and have allowed us to show you what they have been up to, and it is gorgeous.

Help Us Gather's Community SWAG AWARD

Pinellas County Sheriff's Office

Help Us Gather (HUG) is pleased to award this month's Community Swag Award to the Pinellas County Sheriff's Office for its outstanding efforts of inclusion. After seeing an article in a local news publication about HUG's initiative to create a more inclusive Tampa Bay, the Sheriff's Office reached out to ask how it could partner with HUG to offer programs to people with special needs.

Joanna Cheshire, the sheriff's external & legislative affairs manager said, "When I read about HUG and the great work they are doing to find inclusive activities in the community, I knew we had to get involved. Diversity and inclusion are important to us at the Pinellas County Sheriff's Office, so it was our pleasure to tailor a program to their needs."

The first adapted Sheriff's Citizens Academy was held at the Sheriff's Administration building in Largo, FL. To be sensitive to the transportation issues of many people with disabilities, the popular 11-week program was modified to take place on a single day.

Attendees were treated to an interactive day of laughing and learning with over a dozen deputies and staff members of the organization. Activities included virtual firearm demonstrations, self defense tactics, interactions with K9 officers, exploring law enforcement vehicles and a helicopter landing and takeoff.

Robin Lally, founder of HUG said, "I was so impressed and encouraged by their desire to include. They were willing to modify existing programs and to create entirely new programs to accommodate people of all abilities."

By creating an inclusive event, the Pinellas County Sheriff's Office provided the special needs community with a sense of importance and connection to community. Help Us Gather commends the Sheriff's Office for the positive example it has shown and looks forward to other organizations making similar changes.

Help Us Gather

Help Us Gather or HUG is a local nonprofit organization that advocates for inclusion and connects people with disabilities to social activities and events in the community. Connect with HUG at www.HelpUsGather.org and on Facebook and Instagram @helpusgather.org.

Know someone that goes above and beyond to encourage inclusion?
We are always looking for individuals, organizations and businesses that make extra efforts to include everyone. Let us know who you think should receive the next HUG Swag Award by sending an e-mail to events@helpusgather.org.

Do you have a loved one with a disability?
It is the goal of Help Us Gather or HUG that every individual in our community has a sense of inclusion, confidence and friendship. If you know someone feeling lonely or looking for social events, reach out to us by phone or e-mail.

HBL-What is your GPA?

KC- 4.48

HBL- Impressive.

HBL- What are your "best practices" for being such a good student?

KC- I do my homework right when I get home so that I have the rest of the night to myself. I also create Quizlets for myself when I have a test so that I can keep studying right up until I must take the test.

HBL- What is your favorite subject and why?

KC- My favorite subjects are both English and history courses. I love hearing stories—whether true or fiction—and both of those courses are centered around reading and reading comprehension.

HBL-What are your plans after high school?

KC- I plan on going to Fordham for college and majoring in Film and Television with a minor in Creative Writing in hopes of one day of becoming a screenwriter.

HBL- Congratulations on this huge accomplishment.

HBL-Is there something that makes you unique in this activity (a specific strength or quality you bring)?

KC- I write a lot and have since I was little. My love for creative writing has inspired the career that I want to pursue.

HBL-How do you keep a balance between school, work and other activities in your life?

KC- I waited until I was done with drama for the year before starting work again, and since I am lucky enough to work for my mom, I was able to curate a schedule that worked around my IB exams and allowed me time to study as well as work.

HBL-Name someone you admire. What makes them special and how have they motivated you?

KC- My grandma. She's one of the smartest people I know and has always encouraged me to be the best I can be in everything.

MEDICARE

OPEN ENROLLMENT

October 15-December 7

health help
By HB Living Contributor **Linda Bullerman**

Every year on October 15 through December 7 is open enrollment for Medicare. This is when seniors can change plans for the next year effective on January 1. This is very crucial because you only have this one chance to pick a plan.

What most people ignore is our government or Medicare won't take care of long-term illnesses. Medicare covers up to 100 days in a skilled nursing facility. It doesn't happen often but right now I have a client that isn't able to go home yet after a stroke, now he must pay \$400 a day. Even though he met his maximum out-of-pocket for medical, the skilled nursing is for only 100 days.

I do have plans that will help with out of pocket costs. They are less

expensive than long-term care. LTC is the best, but if you can't afford it or think it won't happen to you I do have something that will cover some costs. I always said, "Something is better than nothing".

My name is Linda Bullerman and Jeff and I have lived in Harbor Bluffs almost 20 years. I have been in the health insurance industry for over 25 years and have seen many changes in the Medicare system.

My passion is to educate seniors and help them understand the difference in each plan. I listen to their needs and explain the plan that would be the best for them.

Now is the time to see what is new for 2019. If you have a good plan, I will tell you to stay there. I am honest and trustworthy. Please call me for a free consultation at

Thank you to **Belleair Market** for helping to keep everyone very very well hydrated with champagne, wine, and beer.

I would also like to thank Danny Lehan of **The Village Inn** for providing our guests with the most amazing assortment of pies.

And last but certainly not least we would like to thank Vee and Lawrence of **Coldstone Creamery** for providing the much-needed relief from the heat with the area's best ice cream.

LUXURY REALTY
SERVING THE WORLD
INTERESTINGLY Leading MAYFAIR
Our Global Partners

Tell us about the events that led up to where you are now (i.e. education, career path).

My name is Fabrizio Zambrano, our business is Fabrizio & Sons Marble and Granite Restoration. I started my career in New York back in 1985 as a fabricator and worked my way into the restoration division of the company I was working for. When my youngest was born I decided it was time to move from New York and take my family to Florida.

What is your business and how/ why did you start your business?

At Fabrizio & Sons Marble and Granite Restoration, we restore, fix, and bring back to life all types of natural stone wherever it may be, in your home or office. When I moved to Florida in the early 2000s, I recognized that there was a high demand for the restoration end of the natural stone business, I took the knowledge I had gained from years of work in New York and started Fabrizio & Sons. I always wanted my sons to have something that was their own, something they could take pride in, something that they could take anywhere in the world and still have work ... it's a blessing to see them taking over the business.

What is unique about your business (what sets you apart from the rest)?

We are specialized craftsmen, this is more than a job to us, it's something we all take pride in. This is generational knowledge of natural stone restoration and repair. Most, if not ALL, companies use excessive honing (which means a lot of dust) and excessive water to achieve a shine. Fabrizio & Sons uses old-world knowledge to achieve a shine like no other company can at a price that no other company can match.

Given your business expertise and the nature of what you do, what advice (whether general or specific) can you offer to the residents?

When cleaning your natural stone counters and/or floors, be sure to just use water and ammonia. Most cleaning supplies like Fabuloso, vinegar, or any granite cleaners you'll find at Lowes or Home Depot are not viable for your stone surfaces. The best practice is to mix a spray bottle with 1/4 ammonia and 3/4 water and you'll be good to go!

What else we should know about you, your family, or your business?

I'm heavily invested in my health and in my spare

time consult people on how to better their health through nutrition. Follow me on Instagram at "Fabthevegan63" to follow my health journey! You can catch me on "Let's Talk Nutrition" on iHeart Radio, and if you're a Tampa Club member you can find me there most weekends!

My youngest son Alexander has a family of his own. I have recently become a grandfather to a beautiful 1-year-old named Sy Sylver Zambrano, you can follow their second business and journey through Life@ BlakSoil on Facebook and Instagram. They have been featured on Airbnb, LA Downtowner, Lady Gunn Magazine, Koko Celeste, and many more media outlets!
