# Did You See HBTV Last Month?

Check out the Guide-Scan QR Code and Meet Your Sponsors!

## See You at the LBD and Black Jack Party on October 8th

October is a month with a lot of purpose.

It's the beginning of fall and all its glory—pumpkins, apples, cinnamon, Halloween festivities, and the start of the transition into the Holiday season.

*October is also the Breast Cancer Awareness Month and Domestic Violence Awareness Month. Please support these important causes by attending fundraisers, providing financial support,*

*and giving to local foundations. (Gifts, food, gas cards, and clothing help. If you're not sure where to start, Hope Villages of America, Hands Across the Bay, Clearwater Free Clinic, and Women with Purpose are a few that HBL has worked with directly and recommend supporting.)*

You can also wear pink ribbons to show your support for breast cancer awareness and purple ribbons to support domestic violence awareness.

At the end of this month, Marc and I will be celebrating Halloween along with the rest of the Harbor Bluffs community—find us roaming the streets in our golf cart handing out candy to all the little witches and vampires!

***We want to know: What do you think of HBTV?***

If you haven't already heard of HBTV, you're in for a treat! (Trick or Treat-LOL)

**Think of it as a TV-Guide style page in our magazine that lists ads, how-to videos, and other helpful, watchable content from our sponsors.**

The videos could range from a simple introduction and welcome from a business owner or an instructional video on how to maintain your A/C to an informative class on makeup techniques or a new product or service from one of our store owners.

Regardless of the content, all HBTV videos will be listed in the guide each month with a corresponding QR Code (Quick

Response Code) that you can scan with your phone and immediately be taken to the video of your choice.

***(Text or email me with any suggested videos you would like to see from your HBL Business Partners/Sponsors.)***

***Wait until you read about the events planned for this month! Black Dresses and Blackjack on October 8—see back of front cover for details—and the Wright Aesthetics' Open House party on October 19th, 6pm.***

Enjoy the Neighbors Night Out event recap pictures and, *especially* if you haven't yet joined us for any of the monthly parties, please get one on your calendar! Events are always listed in your monthly HBL magazine and pics posted to Facebook and Instagram.

**HBL is always so PROUD to partner with the best business owners! We are selective, have high standards, only meet with referrals and vet businesses!**

Please welcome the following business owners to HBL and please use their services!

***JJ Malvarez- Online Fasting and Keto Coach***  
***Eyelash and Skin Boutique*** on Walsingham Rd-Kasia Chrzanowski  
***Alley and Angles*** in Sabala Plaza-Ladies Specialty shop for Tennis, Yoga, and Leisure wear- welcome business owner and HB neighbor-Robyn Wittleder  
***Kathleen Slaven Art***-expert in drawing animals, pets, and birds! Super talented.

Psst...We want to hear your ideas! We are always looking to feature your fur baby, family, business, vacation, talent, or whatever else you want to share with your local community.

## travel tales

By Susan Brown - Cruise Planners Travels

### Cruise Lines are Enforcing all Precautions Against COVID

Early August I was honored to be invited to sail on the Norwegian Gem on the first test cruise out of Miami.

All passengers had to be vaccinated and upload their vaccination cards into the Norwegian portal and we were advised that additional testing was to be done at the pier. In order to be eligible for the free testing, we had to register with My CVS Health and they had all our data available.

On departure day we had an early boarding time of 9:30 am. When we arrived at the pier, masked up, there were no lines and plenty of staff guiding us through the different stations.

# WHAT TO KNOW ABOUT CRUISING DURING THE Pandemic.

First, we went through a metal detector, then stepped up to a registration desk and had our temperatures taken, then were assigned a testing station. There were about 20 stations

and no wait, no lines. And was almost eerily quiet and each and every staff member was so friendly. The test was a self-administered nasal swab, not my favorite, and we were watched closely while swirling that cotton swab inside our nasal cavities.

We were given a number and asked to sit, socially distanced, for about 10 minutes while our samples were tested. After 11 minutes one of the nurses came to us and swiped our bar code and we were good to go.

The next station was at TSA inside the terminal. It took all of 60 seconds and again, no lines, no wait. Off we went to the registration desk, got our passports checked and boarding passes scanned and were pointed to the next station, where we picked up our key cards.

From the time we stepped into the terminal to the minute we stepped on board maybe a total of 25 minutes had elapsed. The Norwegian Gem is the 6th and final ship in Norwegian's Jewell Class and can carry a total of 2,400 passengers. We had to be masked during the boarding process but were allowed to remove masks once on board. All staff has to wear masks when interacting with passengers and masks were encouraged amongst passengers when moving about but not mandated. As we found out later that first day, only 600 travel advisors were invited to sail for the inaugural test cruise, explaining the non-existing lines and plentiful staff.

It probably was one of the best cruises I have ever been on! Norwegian had a full staff of almost 1,100 members on board. That is a 2 to 1 ratio and they made us feel like royalty. Everything was open, all specialty restaurants, spa, all bars, there were several comedy shows a day, an art auction, the nightly entertainment, full casino, and shops.

All staff was ecstatic to see us. There wasn't a single face throughout the cruise that didn't have a big grin, we were greeted and catered to every minute of the day. The staff made our cruise and made this sailing so memorable. You could feel their joy of being back to work and when we sailed out of the port in Miami, hundreds of spectators had lined up by the pier and were cheering clapping for Norwegian's return to cruising. I don't think I have ever been on a cruise that wasn't fully booked and now I am spoiled for life! We strolled to the pool in the morning and there

are plenty of loungers. We walked into the theater five minutes before showtime and had our pick of seats. Sitting by the window

in the main dining room? No problem. Our balcony cabin was spotless and our steward came twice a day to freshen up our room, replenish towels, and to make sure we had everything we could possibly need. He didn't have to do that, of course, but he said he was just happy to be working again.

We had one stop in Nassau and booked an excursion to The Blue Lagoon. The Bahamians are very serious about safety protocols and masks were mandated during our transfer and while walking to the beach on Blue Lagoon Island.

Once we were seated, the masks could come off but had to be worn while in line to get something to eat or drink. If you ever have been to the Bahamas, you know it is the most beautiful water in the world. My group of friends had brought floaties and the only time we left the water was to eat or to get a drink.

Again, plenty of space to socially distance and the weather was perfect. I was impressed with Norwegian's thorough protocols and safety measures. There are different opinions on the safety of cruising and I respect everybody's feelings. If and when you feel you are ready, I am here and I'd be happy to guide you towards the best and safest cruise for you.

# HURRICANE SEASON IS HERE!

## What You Should Do If Your Property Encountered Hurricane or Storm Damage

Even when homeowners are warned of an impending hurricane and take the appropriate steps to protect their property, hurricanes almost always cause some damages that may not have been expected. If your property has suffered damages as a result of a hurricane or storm, please consider taking the following actions:

1. Cover your property with a tarp and/or boards to present further water intrusion;
2. Photograph or videotape all damages, including the roof, attic, crawl space, interior walls/ceilings, windows, doors, exterior siding, and personal property;
3. Make a complete inventory list of all items damages and/or carried away by the hurricane or storm;
4. Notify your insurance company as soon as possible of the hurricane or storm damage.

**If a homeowner fails to take the steps noted above, they risk their insurance carrier denying their claim. As such, it is essential to promptly notify your insurance carrier of the loss and provide all supporting information in a timely manner. This will eliminate the insurance carrier from asserting a weak denial.**

We are now in full swing with Hurricane season. It is now more important than ever to make sure you and your loved ones are safe and prepared. Although each hurricane is different, the wind speeds brought with them can be very specific. As such, the damages brought with these wind speeds tend to be similar. Here is what you can expect with each category wind speed:

**Cat. 1: 74-95 mph winds** --> some missing shingles with minimal tree debris

**Cat. 2: 96-110 mph winds** --> increase missing shingles, flying debris which can damage windows, broken siding, fallen and leaning trees

**Cat 3: 111-129 mph winds** --> blown-in windows, lifting of roofs, smaller fallen trees

**Cat 4: 130-156 mph winds** --> large flying debris, mostly shingles missing, most shingles fallen, extreme interior flooding from rain intrusions

**Cat 5: 157+ mph winds** --> catastrophic damage to the structure of the home

**It is important to protect yourself in the event of any of the category hurricanes noted above. As such, each individual should take the following precautions:**

1. Make sure all exterior furniture, tools, and or toys are stored indoors and/or tightly tied down.
2. If possible, trim trees and large shrubs back to avoid damage to your property.
3. In the event of a major hurricane (Category 3 or above) make sure you have secured your home. This can include boarding up windows and placing sandbags around the exterior doors.
4. If you choose to ride out the storm, make sure you have plenty of potable water and adequate lighting should the power go out.
5. During the passing of the storm head to the interior room of the property where it is the safest. Make sure to stay away from all exterior windows and/or doors.
6. Do not leave the house until the storm has passed. At which point, proceed with caution as there may be downed power lines and or ruptured gas lines.
7. Use common sense and your best judgment. Staying safe is the key.

**How to protect your potential insurance claim prior to a hurricane:**

1. Make a complete list of all the contents in your home.
2. Make sure all areas of repair needed to the property are done prior to the hurricane passing.
3. Document the home before the storm comes. Personally, my wife and I do a video walkthrough of the home to have a record of the condition of the property prior to the loss.
4. Notify your carrier immediately or as soon as possible of the potential damage to your home and/or personal property.
5. Ask your carrier questions. Carriers are in the business of making money.
6. Obtain a second opinion on your carrier's estimate.

If you feel like your carrier has improperly denied or undervalued your claim. Please call us immediately. Our office has the experience and knowledge to evaluate and determine the full value of your claim.

They let us in, luckily gave us our marriage license, and we got married on Sunday, March 21, 2015, followed by a beautiful bagpiper at sunset. Then we went back to Buffalo and got remarried on the beach at Sunset Beach Club, NY in front of all of our friends and family again on August 15, 2015. How lucky we are!

**KL:** Our favorite family tradition is jumping in the car and going to the Christmas tree farm. We'd go sledding and have snowball

throws and then pick out our favorite tree. One of the boys would get to crawl underneath and saw the tree down. It was so fun when they got to an age where it was safe enough for them to be the tree-cutter! Then we would go to the barn and see Santa and eat warm chili and drink hot cocoa.

# JOE LOGAR

from Crestwood Lane

Neighbor, **Business Owner,**  
*Friend,* and **HBL SPONSOR**

**JOE LOGAR** is our neighbor who lives on Crestwood Lane and a valuable HBL Sponsor of your neighborhood magazine. Joe has lived here for several years and is the Owner of AAA Services of Central Florida, Inc, a company he started in 1986. Joe is a Certified Building Contractor whose company specializes in kitchen/ bathroom renovations and building additions.

HBL asked Joe a few questions, please enjoy getting to know him a little better. Joe is also very active at attending the HBL Parties in the Park, Picnics in the Park, and HBL Neighbor's Night Out. Please come meet him and meet the rest of the fabulous people in this article!

**HBL-What do you love about living here?**

**JL-**Harbor Bluffs is one of the finest neighborhoods in the entire Tampa Bay Area. The fact that we live so close to the water and do not have to have flood insurance is a huge benefit, not only financially but also because we don't have to worry about floodwaters invading our home. Also, Harbor Bluffs is one of the safest neighborhoods in the area and there is such a wide variety of people that have moved here from different cities. It's always great meeting someone new.

**HBL-What do you like to do in your free time?**

**JL-**I love spending time with my grandchildren and family. I love riding my bike up to Dunedin, to downtown Clearwater or over the three bridges.

**HBL-What's important to you?**

**JL-**Family and personal relationships are definitely a high

priority for me. Despite being newly in a relationship, I am always looking to develop new friendships. Also, listening to inspirational messages from Joel Osteen and other speakers.

**HBL-What's on your bucket list?**

**JL-** I love to travel and continue to build my company. Possibly doing a skydive this coming summer.

**HBL-First place you want to travel after the pandemic?**

**JL-**Ohio to see my parents.

**HBL-Favorite food?**

**JL-**Sushi

**HBL-Favorite season?**

**JL-** Thanksgiving and Christmas are my favorite holidays because there is a feeling of festivity everywhere.

**HBL-What's your favorite travel story?**

**JL-** Taking my parents for their 50th anniversary to Hawaii and staying on the north shore. My dad and I were sitting on the shore and a very large wave came up and swept us off of the beach. We tumbled into the water and when the wave came back it shoved us back up onto the beach.

If your home is in any need of additions, remodels, renovation, and repair, call our neighbor, Joe Logar, owner of AAA Services of Central Florida, Inc at **727-447-7112**

Welcome Aracely, Doug, Brianna and JoeJoe to Harbor Bluffs!

We first met this fun and caring family at HBL/Carrabba's Picnic in the Park! Being new neighbors in Harbor Bluffs, Doug and Aracely, eagerly wanted to meet new people, so they turned to their *Harbor Bluffs Living* Magazine and started attending our monthly Neighbor's Nights Out Events (details behind front cover and on Facebook and Instagram)

***You too can meet new friends by joining the HBL monthly FUN events! Please come and meet Doug and Aracely, your neighbors and the HBL sponsors! EXPECT TO HAVE A BLAST!***

Please enjoy Aracely's article on how she and Doug met, how Doug proposed, and their wedding details!!

In early December 2016, Doug and I were "set up" to meet by a mutual friend. She knew we both enjoyed dancing, and introduced us at a local gathering. That evening we danced all night. Everything was perfect; almost as if all of the stars and moon were aligned for us to meet and be together.

Three days later, Doug asked me to meet for lunch at a nearby restaurant for our first official date. That also went very well, as Doug and I pretended passionately to read each other's palms to help determine our future destiny.

The fact that we fell in love with each other so quickly made us feel as if our paths were aligned with a lifetime of experience with one sole purpose—to bring us together.

We instantly started dating and, over the past five years, have shared many experiences—both the good and the bad—but all life experiences which helped strengthen our commitment for each other.

On December 25, 2019, Doug proposed to me on our Christmas cruise as we were sailing off into the sunset between the Islands of the Caribbean Sea.

In October of 2020, Doug, my daughter **Brianna** and I became proud members of the Harbor Bluff community. Each day, we continue to meet and develop new friendships with our Harbor Bluff neighbors. Our little Biewer Terrier dog, **JoeJoe**, propensity for escaping out of the side gate has also helped us make new friends, too. Beautiful Harbor Bluff sunsets and warm conversations fill almost every evening, as we sit by the water's edge looking forward to what the next day may bring.

Recently on May 15, 2021, God blessed our unity when we performed our marital vows to one another in St. Lucia, West Indies. We hope that you enjoy the photos and we look forward to meeting everyone in our neighborhood! Please wave or say “Hi” the next time you see us.

recap

Please follow *Harbor Bluffs Living* on FB and Instagram to know about our “POP UP” events! Also, our monthly scheduled events are always found behind the front cover of your HBL Magazine and in the Around Town Article!

Last month, our neighbors, The Ries Brothers, were the headliner performers at Jannus Live in DT St. Pete-their opening band was Sensi Trails.

The show was a sell-out and HB residents and sponsors were offered the VIP section! What an incredible experience it was.

**Charlie and Kevin grew up on Harborview Lane** and kicked off their career as teenagers playing at Crabby Bills. These talented teens wanted more- through talent, dedication and a supportive family they hit the road to perform.

**SOLD  
OUT  
SHOW!**

Their original music is so unique and is best described as a combination of blues, rock, alternative and reggae. You must hear it to believe it! NO ONE is like these two talented neighbors!

***They have already had a career that many can only dream on. They have opened for Chicago, the late Butch Truck, David Cook, Daughtry, REO Speedwagon, The Edgar Winter Band, The Family Stone, 311, played at Warped Tour, and more.***

Please follow The Ries Brothers on Facebook, Instagram, Twitter or listen to them on Spotify and Pandora.

Fun Fact: Did you know that The Ries Family was the very first family on the cover of HBL-3 1/2 years ago!

# THE HAUS COFFEE and *Wine Shop* “Red/White and Blue Party” Was More Than Anyone Expected!

Live Music, Delicious Food, Raffles, Terrific  
Wine and Exceptional Service!

Did you think the Haus Coffee Shop located on Indian Rocks Rd. in Largo was just a coffee shop?

Many people did—until they walked through the doors of this rustic, inviting, and roomy business! It may look small from the outside, but it is actually a three-room venue: one room has a huge wine bar; another has tables, gas fireplaces, couches, and games; and the back-room can be used as a meeting room or for family dining.

When we went, we were greeted by the owner, **Rhonda Bartz**, who filled this beautiful wine and beer bar with charcuterie platters, house-made sandwiches, and light bites.

Guests also ate delicious desserts (yes—me, of course), drank unique flavored ice teas, hot teas, and coffees. (The selection is too long for me to list—you'll have to go check it out for yourself!)

Live music was performed by Teeny Black Wolfe & Scott Perez, a local

Indie band who entertained the neighbors during this *HBL* Event! As you can know, *HBL* events are always pet- and kid-friendly. We had a best-dressed contest with great raffles—the fun never stopped!

*HBL* is proud and excited about our partnership with Rhonda and her team at the Haus Coffee and Wine Shop. I have no doubt that this is a team that really cares about its customers and the community.

The Haus Coffee and Wine Shop can also cater your office parties, holiday parties, or any off-site event. They also have live entertainment weekly—check out their FB (The Haus Coffee Shop IRB), Instagram, website, or just go visit their place for details!

*Amara Sayles*

— Awarded the Reverend George Labruce Founders Award

Loves Horses,  
**Cheerleading,** Volunteering, SCHOOL,  
and **Friends!!**

I'm Amara Sayles and I'm currently a senior at Canterbury School of Florida.

I moved to Harbor Bluffs four years ago from Palos Verdes, California. My mom chose Harbor Bluffs because she lived in Belleair Bluffs in her twenties and remembers Harbor Bluffs being a nice, safe, and family-friendly neighborhood. She was right! Harbor Bluffs is really great; I enjoy all the neighborly things that go on (even during COVID!).

Still, moving here was probably one of the hardest things I've ever had to do. Leaving all my friends and family—the only place I ever knew—to relocate to a new, unfamiliar area that was oh-so-hot (and right before Irma hit) was tough. No lie, I had to adjust to the weather... maybe I still haven't... and rebuild my life by making new friends, getting to know the area, finding fun things to do, and building a new reputation for myself. None of this was easy.

Meeting new people and being the new girl in school, people acted like they had me figured out. They thought I was this rich kid from California who was on TV shows and stuck up and conceited. But once they got to know me, they figured out I was none of those things. Sure, I was on some TV shows, but that was because my cousin was already involved and got me into doing it too. It gave me the chance to do something amazing, make some money, and spend time with my cousin. So I'm glad I had that opportunity.

Since attending Canterbury, I have made it a point to be involved in activities in and outside of the classroom. I have made lots of friends and keep very busy: I am the captain of the tennis and cheer teams; a student ambassador for new and prospective students; and was President of the Prom Committee. We planned all the activities and fundraising to make prom happen! YES, we had a prom this year! I stay busy babysitting, pet sitting, and even horseback riding outside of school.

*My past year as a junior, I worked hard and kept my grades up while still contributing. As a result, I was surprised and awarded by the Principal the Reverend George Labruce Founders Award. This award is given for outstanding leadership, service, and citizenship, and was appointed to me by unanimous vote among the entire faculty. It is one of the school's major awards given at the end of the year and only awarded to one junior. When I was told that I was receiving this major award, I was very excited and honored! I've always been a bit shy, but I've always enjoyed participating in events, too. It was great to be recognized for all my hard work and contributions! I was proud to show my parents and grandmother that I also contribute and make a difference.*

...

...

I've also been volunteering at an Equine Therapy organization in Florida. It is horse therapy for disabled children and military veterans. I know I get my penchant for volunteering from my mother. She used to be president of a nonprofit called Vistas for Children, which helped kids with retinoblastoma (cancer of the eye). They would put on many events, ranging from golf tournaments to fashion shows to tennis tournaments. Vistas had a "Junior Vistas" for the kids of the members. We would volunteer at events, and around Valentine's Day each year, we would get paired up with a visually impaired child, and spend the day helping them build a bear at Build-a-Bear. It was so rewarding to put smiles on their faces and help them enjoy life a little more.

Looking forward, I can't believe this will be my last year at Canterbury! I decided to pursue a career in the horse industry, and am in the process of applying to colleges that have a BA/BS program in Equine Business Management. I guess you could say a love for horses is in my blood. I learned to ride before I could walk; horses were a big part of my mom's family and all around us where we lived in California. My grandmother had horses and did barrel racing, my grandfather is a part of the PRCA (Professional Rodeo and Cowboys Association) and is one of the founders of the PBR (Professional Bull Riders Association), my mother and her sister grew up owning and riding, and now my aunt breeds Quarter horse racehorses! I still need to figure out what I will do *after* getting my Equine Business Management degree, but thankfully I have four years to figure it out!

As I enter my senior year, I'm grateful for all the great things that have happened as a result of moving to Harbor Bluffs. I know my future will hold great things and that the possibilities are endless!

# Is Medicare Open Enrollment Confusing to You or Your Loved One?

Our Neighbor-  
**Linda Bullerman-**  
Can Help!! She is the Expert!!

Over 65 or on Disability?  
Open Enrollment is  
Oct 15th-Dec 7th

Linda Bullerman lives on Palmetto Lane and has a passion for helping people who are on Medicare, folks that are your parents' age or grand-parents' age or anyone who is on disability.

*She finds that Medicare enrollment plans are very confusing and she wants to take that confusion away by explaining the options with clear communication.*

Linda listens to what your needs and goals are and helps you pick the best plan for your situation.

This year, there are many changes in the Medicare Plans, especially for those who are diabetic.

Linda has been an Independent Insurance agent since the 1990s. She was selling all kinds of health insurance products until one day, when a client called and needed a Medicare plan, she referred him to a different agent, and he called back and said he wanted Linda. Because she had been in the industry for so long, she knew many types of plans. But when she started preparing for the Medicare certification, she realized she didn't fully understand it and thought,

**"Oh my goodness! How are older people going to understand it?" It was at that moment she found my calling.**

Linda must recertify for Medicare each year, which takes two months or longer. There are so many tests. To her it is worth it, because she is dedicated to help people make the best decisions for their individual lifestyles and not be confused.

Linda helps people choose a Medicare plan either when they first turn 65, or every fall for the Annual Enrollment Period, which is Oct. 15- Dec. 7.

She is an Independent Agent and represents most of the major companies and their plans. She will **not** work with the organizations that want her to sell only their product. She refuses to do that because their plan might not fit everyone. Linda believes in taking the

time to find out what is the best solution for her client and finds them the correct Medicare plan, based on their individual needs.

Linda loves what she does and is proud when she helps her clients solve a problem or saves them money.

If you are on Medicare, or know someone who is, we highly recommend you call our neighbor and friend, Linda Bullerman. She would love to meet you and answer any questions, make sure your plan is the best one and she would really love to save you money!!

# Cmdr. Woodrow Huddleston was an Extraordinary Man

**HE CELEBRATED HIS 103 BIRTHDAY SURROUNDED BY HIS LOVING FAMILY!**

Cmdr. Woodrow Huddleston, United States Navy, ret., is my father. He was a most extraordinary man. He lived a very long life—almost 104 years!—with a positive attitude and sense of wonder and adventure.

He passed peacefully in June, 2021. My dad was the most honest, truthful, person I've ever met. That was his overriding distinguishing characteristic. He lived his life according to his own high moral standards of fairness and equity, with an attitude of service...which manifested itself as 30 years in the Navy, 20 years with the City of St. Petersburg, and a lifetime of service through managing and participating in Amateur Radio emergency nets (from adolescence through his late 90s), service in the Power Squadron, and in numerous community groups, including years as Committee Boat for the Clearwater sailboat races.

**He loved to fly. For 20 years, he was a Navy pilot. He loved the water, too.**

**remembering  
our neighbor**

By Franceen King

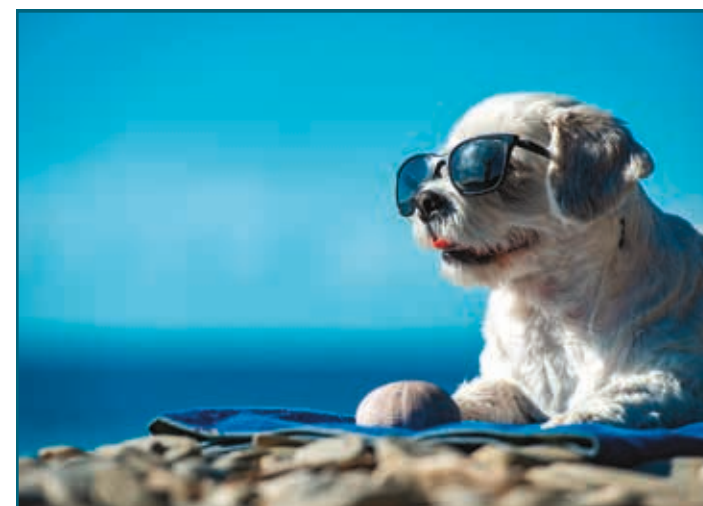

Woody celebrating his 103 birthday

But most importantly, he loved his family. As the oldest of his five children (four girls and one boy), I appreciate that dad always encouraged us to have confidence in ourselves, learn new skills and information, and be willing to pursue our dreams. He was often a good teacher for both us and his grandchildren.

Today, his ashes—and those of his wife of 72 years Fannie Fran Severino Huddleston—will be interred here at Bay Pines. My Mom and Dad will be together in the Heavenly Realms, sharing new adventures with each other and continuing their love. They are so greatly loved by their large family here.

Thank you both for being with us so long, and for being such foundational pillars in our lives. We know that your guidance is only a thought away, but we miss your hugs and phone calls. I love you, Mom. I love you Dad. May you rest in joy.
